

Good-Bye and God Bless You, Sonja Wieder

On August 27th, 2015, the Duncan Family lost one of our beloved daughters when Sonja Wieder passed away unexpectedly. On behalf of all of us at Duncan we extend our deepest sympathies to Sonja's family as they struggle through the loss of a truly wonderful person.

Sonja was one of our longest-tenured and most well-loved members. She played many roles for Duncan since first joining Duncan's Enforcement Technology organization in 1993, most recently serving as a Senior Account Manager in our California offices supporting clients across the western region. Sonja was a meticulous operations manager, a personable client representative, and a beloved colleague. And she knew the California Vehicle Code (CVC) like the back of her hand.

Sonja was a respected coworker who approached all situations with a can-do spirit and a great sense of humor. She brought a personal touch to our business of parking, with genuine affection for clients and coworkers and a constant flow of humorous anecdotes about her family, especially her husband Victor, whom she loved very much. While she never took herself too seriously, she was a constant source of wisdom and inspiration for those of us who had the privilege to work with her on a daily basis.

We will miss Sonja Wieder tremendously.

Our thoughts and prayers are with the Wieder family at this difficult time.
