

Mercaldi Promoted to CTO of Duncan Solutions

PRESS RELEASE. For Immediate Distribution

MILWAUKEE, Wis., July 1, 2011 – Duncan Solutions announced today the promotion of Margaret Mercaldi to the role of Chief Technology Officer. Mercaldi has been with Duncan since 2009 serving as Senior Vice President of Strategic Applications.

During her tenure, Margaret has focused on supporting the key business applications, processes, and interfaces that serve as the foundation for Duncan's parking ticket processing and collections business.

In her new and expanded role as CTO, Margaret is directly responsible for companywide Information Technology which includes application development, software support, IT infrastructure, communications and security.

“Our clients’ high expectations and the demand for greater systems integration continue to grow,” said Mike Nickolaus, President and Chief Executive Officer of Duncan Solutions. “Margaret brings a wealth of experience to help us meet these demands, and will work to implement new standards and procedures to allow us to achieve our objectives for quality, reliability, and growth in the coming years.”

Formed in 2005, Duncan Solutions is a full service parking management company and a leading provider of parking management products and services to municipal and commercial clients worldwide, including parking meters, enforcement solutions, citation processing, debt collections, and integrated on-street parking management services.
